

Communication Skills

Communication Skills

IBLCE Approval: CL2021-1AU - 5 L CERPs

Communication skills are vital for work as an IBCLC. You can learn effective communication skills for working with both parents and colleagues. Five lectures with 5 L CERPs fulfils the IBLCE requirements for communication skills.

The International [WHO] Code in Everyday Practice: Real Life Scenarios

With Liz Brooks

The International [WHO] Code in Everyday Practice: Real Life Scenarios

IBLCE Approval: CL2024-AU2 - 2 E CERPs

Presenter: Elizabeth C Brooks

This learning module fulfils IBLCE requirements for 2hrs of education on the WHO Code. IBCLC and attorney, Liz Brooks will walk participants through real-life scenarios to determine whether or not a WHO code violation is going on.

Enhance your professional expertise with our comprehensive 37.5 CERP IBCLC Exam/Recertification bundle. We understand the importance of ongoing education and the challenges involved in meeting recertification requirements. That's why we've developed this carefully curated package, designed to meet all your IBCLC recertification needs. With a focus on convenience, thoroughness and value for money, this package provides you with the essential knowledge you need for your IBCLC certification or recertification journey in one streamlined package.

We recognise the value of a well-rounded education, which is why our package includes a minimum of 5 CERPs in each of the key topic areas outlined in the DCO:

- I. Development & Nutrition
- II. Physiology & Endocrinology
- III. Pathology
- IV. Pharmacology & Toxicology
- V. Psychology, Sociology & Anthropology
- VI. Techniques
- VII. Clinical Skills
